

**AP Government—Case Comparisons**

For each pair of SCOTUS cases, fill in the Venn diagram with at least one similarity in the middle section and one or two differences in each of the outer sections.

Remember to use valid categories for comparison. Examples include: facts, questions the Court had to consider, Constitutional Clause, Amendment, Amendment Clause, the holding (majority opinion), and/or reasoning for the majority opinion.

UNIT ONE: Foundations of American Democracy

Required Case:  
*McCulloch v. Maryland*

Other Case:  
*Gibbons v. Ogden*
